miniature presidential medals

Miniature Presidential Medals were designed especially for young people to collect and enjoy. Each of our thirty-nine Presidents comes to life for young historians as they collect the medals of their favorite Presidents. These inexpensive medals are an easy way to help a youngster learn about American History.

The miniature versions of the official Mint Medals of the Presidents, each 1-5/16 inches in diameter, are available in bronze and gold washed bronze. The gold washed bronze medals are also available with a gold washed loop attached to the top of the rim, so it can be placed either on a chain or bracelet.

proof

The 1980 Proof Coin Set...

... contains one coin of each denomination: a cent, nickel, dime, quarter, half dollar and dollar. Proof coins are struck from specially prepared (non-silver) blanks. Each coin is struck twice with highly polished dies to assure a mirror-like finish. The San Francisco Assay Office produces and packages the sets, and each coin bears the "S" mint mark. The coins are sealed in a newly-designed plastic package which protects and displays the set. The 1980 Proof Coin Set is priced at \$10.00 which includes postage and handling.

Proof Coin Sets are produced and mailed through the end of the year of issue. Therefore, we will be mailing the 1980 sets through December 31, 1980. The vast majority of orders are received within the first month of the ordering period. They are processed as promptly as possible upon receipt. If your order is not in the first group to be mailed, you will receive a postcard acknowledging your order and indicating the date by which you can expect your order to be mailed.

Please note:

Acceptance of orders is conditioned upon our production capability to meet the demand. Orders will be accepted beginning April 1, 1980. Although we anticipate accepting orders through May 30, 1980, an earlier cut-off date will be announced if orders for the sets exceed our production capability. If this occurs, it will be necessary to return all orders received after the cut-off date. If your remittance is deposited and we cannot honor your order, a refund will be made. We therefore recommend that you send your orders as soon as possible. Orders are not cancelable by the purchaser.

4. Orders will be filled in the order in which they are received. Orders received by the Bureau of the Mint after August 30, 1980 or after the supply of medallions is exhausted will be returned. Payments will be returned if orders cannot be filled.

5. Orders may not be modified or withdrawn by the customer. Orders which do not comply with the terms of the sale will be returned.
6. Receipt of an order and payment does not constitute an acceptance. Refunds for overpayments will be made. Orders with insufficient payments will be returned. Single or repeat orders which exceed the maximum limit of three medallions for the same customer will be returned.
7. Customers will be notified of order acceptance and expected delivery date. Approximately 8 to 12 weeks should be allowed for delivery from the time the order is received by the Bureau of the Mint.
8. The medallions will be sent by registered mail only to addresses within the United States, its territories, and to APO and FPO numbers.

The 1980 Unc's

The 1980 Uncirculated Coin Set . . .

. . . contains thirteen coins—a dollar, half dollar, quarter, dime, nickel and cent from the Denver Mint and the same six denominations from the Philadelphia Mint. This year's set also contains a dollar coin from the San Francisco Assay Office. All the Denver coins have a "D" Mint Mark, and the dollar coin struck at the San Francisco facility is designated with an "S" Mint Mark. For the first time all of the coins from the Philadelphia Mint except the one cent coin will have a "P" Mint Mark. The coins are sealed in two packets and inserted in a presentation envelope.

Orders are limited to five sets per customer; and the price, which includes postage, fees and handling is \$9.00 per set. These sets are produced and mailed through the end of the year of issue. Therefore, the 1980 sets will be mailed through December 31, 1980. Orders are processed as closely as possible to their order of receipt. However, the vast majority are received within the first month of the ordering period. If your order is not in the first group to be mailed, you will receive an acknowledgement card indicating your order number and the expected date of delivery. Your order number also appears on your canceled remittance.

Please note:

*Acceptance of orders is conditioned upon our production capability to meet the demand. Orders will be accepted beginning September 2, 1980. Although we anticipate accepting orders through October 31, 1980, **an earlier cut-off date will be announced if orders for the sets exceed our production capability.** If this occurs, it will be necessary to return all orders received after the cut-off date. If your remittance is deposited and we cannot honor your order, a refund will be made. We therefore recommend that you send your order as soon as possible. Orders are not cancelable by the purchaser.*

Ordering instructions . . .

- Please sign your order card and indicate the number of sets you wish to order.
- If ordering less than five sets, detach the appropriate portions of the magnetic strip insert as indicated.
- Copy your Customer Number as it appears on your order card in the upper right hand corner of your check or money order. Your remittance should be made payable to "Bureau of the Mint" for the amount of purchase. Payment for orders from other countries should be by International Money Order or a check drawn on a U.S. bank and payable in U.S. currency.
- To change your address, please punch out circle and print new address on the order card. Detach the top portion of the magnetic strip insert.
- Please return order card, magnetic strip insert, and remittance in the envelope provided. The pre-punched order card is for the exclusive use of the addressee.

If you write to us about your order, please . . .

- Refer to your Customer Number in your letter.
- Enclose a copy of both sides of the canceled check or money order, as it is stamped with the Order Number during processing. DO NOT send the original—it is your receipt for the order.
- If your set is damaged in shipment, write to the address below for a postage-paid label to use in returning it for replacement. Replacement of damaged sets requires 6-8 weeks.

90% Silver... 100% History

The Carson City Dollars

Acquire a piece of Americana for yourself . . . your family . . . your friends.

These beautiful coins, designed by George T. Morgan and struck between 1878 and 1893 at the long-closed Carson City Mint, are 90% silver and 100% history.

Hidden away in Treasury vaults for more than 60 years—somehow escaping the massive silver coin melts of the 1920s—the secret of their numismatic identity was uncovered in 1964.

Each silver dollar in this offering—from the last of the Government's holdings—has been packaged in a handsome display case and placed in a velour-lined gift box containing a brief history of the coin.

Carson City silver dollars are beautiful coins you'll treasure as mementoes of a bygone era, or give to others as gifts for the future.

A potpourri of uncirculated "CC" dollars . . . most culled from inventory for failing to meet high sorting standards . . . others added because limited quantities prevent offering them separately. Orders will be filled at random. Sorry, it's not possible to specify mint year.

The Carson City silver dollars are placed on sale under the authority given to the Administrator of General Services, Rowland G. Freeman, under Public Law 96-2.

The Carson City Dollars

Each "CC" dollar is packaged in a handsome display case and gift box.

Important Notice - Please read carefully!

The Carson City silver dollar sale begins February 8, 1980. Because of widely fluctuating silver prices on the current metals market, **no prices appear on this order form.**

Please watch for the announcement of Carson City silver dollar prices in advertisements appearing on February 8—and periodically thereafter—in many major daily newspapers, and in the numismatic and business press.

Prices will also be available on and after February 8 by calling the nearest Federal Information Center (listed under "U.S. Government" in the white pages of your telephone book), or in the continental U.S. by calling this special toll-free number: (1) 800-336-4745. (In the District of Columbia call 557-1800.)

Please carefully read the terms and conditions of sale, below. Fill out the order form properly, being sure to make mathematical calculations of prices and quantities accurately. Sign your name and mail your order and remittance as soon as possible. Order forms not correctly completed will be returned.

5. There is no maximum order limit; however, orders for more than 500 coins in one category will be filled with 500 coins when the orders are initially processed. The unfilled portion of these orders will be filled with any coins remaining at the end of the sale in the sequence in which such orders were initially processed.

6. When the supply of coins in a category is not sufficient to fill an order completely, the order will be filled partially. A refund for the balance of the partially filled order will be made. Orders for coins in a sold-out category will be returned upon receipt.

7. Coins in the mixed-years category will be distributed at random. Orders for specific years in the mixed-years category will not be considered. The notice of preestablished bid price contained in each mixed-years coin box is no longer valid.

8. Full payment must accompany the order form, and checks and money orders must be payable in U.S. dollars. Receipt of an order and payment will not constitute an acceptance. Payments will be deposited in the U.S. Treasury for safekeeping only, pending acceptance of the order. Refunds for any overpayments will be made. Orders with insufficient payment will be returned. Payments of unsuccessful offerors will be refunded.

9. The Government reserves the right to cancel the sale and to reduce the quantity of coins ordered.

No lost or damaged coins will be replaced. Claims against the Government, including postal losses, must be submitted in writing by December 31, 1980.
